submitted with the recommendations of the President for the orders of Govt.

(2) Abstracts of replies received up to date are given below:—

The President D. F. Board. Bangalore. Submits list of villages where the rules may be introduced with an extract from the Proceedings of the D. F. Board dated 27 July 1899 approving of the same. The Board propose to utilize the existing village and Police establishments for the working of the rules. The President supports the Board's recommendation, until pressing necessity arises for the employment of a separate agency and until

(e) It is proposed to introduce the rules into all the villages of the French Rocks Sub-Division. Letter ew 979 Dy 10th 3-99

The French Rocks Board consider that Shekdar have no time to attend to this important work and propose to employ 9 Sanitary Inspectors on a salary of 20 rising to 25 Rs each with fixed travelling allowance of Rs 10 and 9 peons on 6 Rs each. As the funds at the disposal of the Board are barely sufficient to meet the annual maintenance charges of roads &c, they resolved to request the Govt

no funds available for being utilized specially for the sanitary purposes of villages, except such sums as may be allotted by the D. F. Board.

The funds being insufficient rules were introduced to villages of considerable size and importance, such as Santeberenur and Nallur, ~~xxxxxx~~ into which Govt directed that introduction of municipal rules should await the promulgation of these rules. He suggests for consideration whether the municipal house tax should not be introduced into

into all such large places. to pay for the cost of providing sweepers &c, without forming Municipalities in them.

The President of the Kaira D. F Board submits a list of villages into which the rules in question may be introduced, as proposed by the Auditors and approved of by the Board.

The President is of opinion that the rules should at first be introduced only in villages, of or above 100 houses or 500 inhabitants, as a tentative measure, the rules being extended

Office of the President, Local Boards

Dated March 1899.

To The Secretary to the Government of Mysore
General and Revenue Departments.

Sir,

In reply to Govt. Proceedings No. 8255-62/L.F 86-97 dated the 17th January 1899, I have the honour to state that acting on the power given by the said rules (Section II) I introduced them into the large villages of the District shown in the list herewith attached. The rules were placed before the District Fund Board for consideration in a general way, and a resolution was recorded in the following words. ——

It was not considered necessary to place the names for approval before the District Fund Board as the rules give the power of putting them in force to the Deputy Commissioner.

2. As regards the agency available, the rules themselves make the Patel the Sanitary agency in the last resort. There are at present no funds available for being utilized specially for the sanitary purposes of villages

villages, except such sums as may be allotted by the District Board. This is rarely found to be possible. It is only to villages of considerable size and importance that it has been considered expedient to introduce these rules and some of these villages were such that a recommendation had been made to convert them into municipal towns. (e.g. Santeberum and Nallur). The Government in their Proceedings No 11857 / L.F. 341-96 dated the 21st March 189 directed that such a proposal should await the promulgation of these rules.

There are a number of useful rules and restrictions to be observed by private persons No funds are required for enforcing them and it was mainly with that view that I introduced these rules into such places. But to do things which the Sanitary agency has to do, some funds should be provided. It is worth considering whether the municipal house-tax &c, should not be introduced into all such large places to pay for the cost of providing sweepers &c. It does not necessarily follow that a municipality should at the same time be introduced.

4. If there are more such places the matter will be considered at

the

the District Board meeting and a report submitted to Government as called for in the above order.

I have the honour to be

It will be seen therefrom that the Board is of opinion that the said rules

may be introduced into all the villages, and that nine sanitary inspectors with nine peons may be appointed to see that they are properly enforced. The Board has also resolved to request the Government that half of the Mohatarfa of all the villages whose income from that source is Rs 100/ and above may be credited to the District Funds to meet the proposed establishment charges. The Board's request deserves favourable consideration as its present financial condition is too limited.

Dated 19th July 1899.

From,

The President of the

To,

The Secretary to the

Revenue & Genl Departments.

Sir,

With reference to G.O. no: 8255-62 / L.F 86-97 of the 19th January 1899, calling for a list of villages where the rules issued under the "Mysore Village Sanitation Regulation" can with advantage be introduced, I have the honour to state that as per instructions contained in G.O. no: Gl 3206 / Legis: 16 of the 29th August 1899, I issued a circular order to all the Amildars in the district to introduce

introduce them into all the villages of their taluks. It has been ascertained that the rules are known to almost all the inhabitants of even the remotest villages, and I think it necessary to make no exception of the villages into which the rules can be introduced, as there is ample scope in the rules, for an offender to avoid punishment by substantially complying with the provisions of the Rule he may have over broken.

2. With regard to agency by whom the rules can be administered, I beg to add that the District Fund Board is too poor to maintain a separate

Yours

agency for the purpose, and consequently the administration may safely be en-trusted to the village officers and servants whose work the Shekdar will be able to check. As the Amildars and Assistant Commissioners move about in the Talukas, they will have frequent opportunities to judge whether or not the rules are working satisfactorily and record any irregularities on the spot. The Local Fund Board which met on the 28th June 1899, was consulted on the above two points, and it is unanimously of the same opinion. An extract from the Proceedings is here-with

Extract from the Proceedings of the Mysore district Fund Board meeting held on the 28th June 1899.

Resolved after some discussion, that the rules in question be introduced into all the villages, and that no extra establishment is necessary except the village officers and

and servants. It was also observed by the Board that when Shekdars' service is improved by being granted horse allowance (which is now under the consideration of Government), the rules can be enforced effecently.

No. 4319-28—L. F. 86-97, DATED BANGALORE, 28TH SEPTEMBER 1899.

ORDER THEREON.—After a careful consideration of the suggestions embodied in the replies read above, the Government are pleased to sanction the introduction of the Rules framed under the Village Sanitation Regulation, published with Order No. Gen. 3206—Legis. 16, dated 29th August 1898, into all the villages in the State containing not less than 100 houses. It is not considered necessary to deal at once with the question of funds required for the working of the Rules, as it is hoped that the existing taluk and village agency may, for the present, be utilized for the purpose without inconvenience.

The Deputy Commissioners are requested to see that the manner of publication in the villages prescribed in Section I of the Rules is strictly complied with before they are brought into effective operation.

The report of the introduction of the Rules, together with a list of villages into which they have been introduced, should be submitted for the information of Government immediately after the Rules have been so brought into force.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.
The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.
The Chief Engineer of Mysore.
